Meet Your Country Cousins (Part2)

28 January 2017 Annual General Meeting

Central Denver Public Library (10 West Fourteenth Avenue Parkway)
7th floor, begins at 1:30 pm

At our previous break-out group sessions many members expressed an interest in British Isles research as well as 17th Century Studies. Our facilitators will help guide the discussion allowing members to ask questions and share tips. The main focus will be on resources for researching in each of the areas listed below:

- England/Wales - facilitated by James Jeffrey
- Ireland - facilitated by Sandy Ronayne and Zoe Lappin (as needed)
- 17th Century Studies - facilitated by John Putnam
- Scotland - facilitated by Harry Ross

The 7th floor meeting room, 10th Mountain meeting room and the space outside the 7th floor meeting room have been reserved for our groups. **In December/January we will ask for RSVP's** that will direct which group will be in which room.

James is preparing/updating bibliographies of print resources for each group. We will also be compiling lists of digital resources for each group.

We will install a new president and treasurer at a short business meeting before the fun starts.

Welsh Leek

Irish Shamrock

Scottish Thistle

English Rose
